# A LETTER FROM THE CLUB PRESIDENT

**Greetings!**

There is a lot going on at the Club. We have the Club listed with a professional golf course marketing company to test the interest in third party support of our future, and we have a group of concerned members putting together a plan. At one point there were several member groups working, and those are now, to the best of my knowledge, all working together. I believe this to be a good thing. Always remember that we all have the same goal: long term healthy survival of our Club. There is some interest from 3rd parties, but it is early in the process, and no serious offers have been submitted. You have my commitment that you will be informed as soon as there is a viable offer and/or plan other than continuing to keep operating as we are.

With regard to operating as we are, March was actually one of the better financial months we've had in quite some time. April should shape up to be a good month as well, and activity already planned for May leads me to believe we may have remarkable results. Lots of weddings and parties which generate good cash flow will contribute to positive results as well as some savings from our reduced workforce. Until we are able to fully staff the golf shop and golf maintenance areas, we will see some savings although sustaining these savings long term is not a viable option.

I implore you once again to remain positive and ask that you try to bring a member into our Club. There is no downside to joining. Without an initiation fee, there is no investment at risk. Without a long term contract to sign, there's no risk of having to pay assessments or increased dues. If one joins and doesn't like something we do they can simply resign with no negative consequences. So why not join and help save an important institution in our community?

The board has voted to offer a seasonal pool only membership. More Information will follow, but \$795.00 paid up front will buy a season pass for a family. No other Club access is included. If you know someone who might be interested please send them to me or to Dana, or have them fill out an application available in the Club or on our website.

Your board and I personally appreciate the support each of you exhibit every time you visit the Club.

I look forward to seeing you soon.

**See you around soon,  
Jamey**

# GOLF & GREENS

Let me start by saying Scott McArthur will be an asset to any facility! He taught me a lot over the last several years, and he will be greatly missed. I have some big shoes to fill, and I am ready for the task.

How strange is this weather? It is hot one day and cold the next. Cloudy, windy and frosty all in less than a week! The grass is just as confused as we are. It is trying to come out of dormancy and green-up and then gets hit with frost. Hopefully, we can have a string of nice days combined with warmer nighttime temps. This will help gain consistency with green-up.

As for what we can control:

- We will be spraying broadleaf weeds as soon as the wind allows.
- Better weather will allow for the beginning of our cultural practices.
- Top dressing and verti-cutting are right around the corner.

I hope everyone will notice the new bridges on # 4 and # 5! Scott did a fantastic job on these.

See you on the course!
